NGO “Healthy World” is implementing the project designed for the IDPs living on the territory of Isani (the former Russian Military Hospital). The purpose of the project is to carry out disinfection of living room of IDPs with special means and to arrange educational activities for women. 40 women will participate in the project. The expected result of the project – the disinfection will enable to prevent emergence of epidemic sources. The IDPs will know those elementary hygienic rules, which will protect them from various diseases. In addition, they will be aware of whom they can apply to in particular cases. Ultimately, the level of their civil integration will increase.

Непривительственная организаци здоровый мир осуществляет проект для беженцев проживающих на территории в исани (бывший росииский военный госпиталь) цель проекта дезобработка жил площади и проведении просветительной работы среди женщин беженцев. в проекте примут участие 40 женщин. ожидаемые результаты- при осуществлении проекта дезинфекции предворит возникновения эпид-очагов беженцы будут знать те элементарные гигиенические правила которые защитит их от разных заболеваний а также будут знать о конкретных случаях кому обратится повысится гражданское интеграция
